SwapShop Cracked Accounts is a single Photoshop-compatible plug-in with 15 effects that helps you switch colour values in your images. Useful for experimenting with interesting combinations and creating surreal results. Main features ⬜ Easy to use dialog layout ⬜ Drop-down menu ⬜ 15 internal filter options ⬜ Various slider controls ⬜ Zoom preview area in/out In this tutorial you'll learn about all 15 effects, how to create all 15 effects, additional settings and a practical workflow for creating images using the combination of all 15 effects. Today I'm sharing my best presets for Illustrator, Sketch and Photoshop. This has become an important part of my workflow for screen design. For Illustrator I created both a Panel preset and a Text preset. For Sketch I created a Sketch Preset. This contains all of my favourite settings for Sketch: UV/mask, pen size, color depth and color. For Photoshop I created a Photoshop preset. Illustrator - My Panel Preset (only affects black, white and 100% gray) - My Profile Preset (comfortable setting for 99% of the time) - Text Preset - Sketch - Sketch Preset (my default setting) Photoshop - Photoshop Preset (my default setting) I hope you find this useful!
